your power to investigate State department matters ceased with the impeachment of Governor Sulzer. Furthermore, I am an officer of a legislative committee conducting inquiries of its own. You have no power to investigate me."

"The records say that you are still a deputy commissioner of economy and efficiency on a three months' leave of absence. I have summoned you to testify as to how you were appointed and to answer charges I have filed with the Fawcett committee as to your unfitness for your job," said Horgan.

"I am forbidden to acknowledge your powers and still insist that I shall decline to answer your questions," retorted Horgan.

"Do your worst," answered Horgan, as he hurried for a train.

**Bryan Takes Hand.**

Washington, August 21.—Without authority to make a formal request in the name of the United States government for the delivery of Harry K. Thaw by the Canadian authorities, Secretary Bryan late today responded to Acting Governor (Glenn) appeal for assistance in the effort to bring the Mattewan fugitive back into New York by sending the following personal telegram to the British ambassador, Sir Cecil Arthur Spring-Rice, now at Dublin, N. H.:

"We are informed that Harry K. Thaw, who lately escaped from an insane asylum in New York, in which he was confined on account of murder on the ground of insanity, is in custody in the Province of Quebec, with a view to his deportation under the Canadian immigration laws. The department, while not in a position to make a request in the matter, which in its present aspect is not within our extradition treaties, brings it to your notice with a view to such action as the Canadian authorities may find themselves justified in taking."

Copies of the Acting Governor's message to Mr. Bryan were turned over to the Bureau of Immigration, but in official circles it was believed to-night there would be no further action on the part of the Federal authorities. The Immigration Bureau deals only with aliens, and the State Department can do nothing in the absence of grounds for seeking Thaw's extradition.

The Sulzer message had not reached the State Department at the closing hour to-day, and copies of Secretary Bryan's telegram to the ambassador were forwarded only to Acting Governor Glenn and Attorney-General Crampton.

Secretary Bryan carefully avoided taking part in New York's controversy over the governorship, addressing the letter to "Martin H. Glynn, State Capitol, Albany, N. Y."

While Mr. Sulzer's telegram had not been formally laid to-night before Secretary Bryan, to-morrow a copy of the telegram sent to Ambassador Spring-Rice will be similarly transmitted to Mr. Sulzer.

## WILSON WILL LAY MEXICAN DETAILS BEFORE CONGRESS

(Continued from First Page.)

to-day's debate in the Senate, but by the expectation that Congress in some way will show its confidence in the President when he reads his message. The administration hopes that when the facts are known in Mexico, the Huerta authorities may be more inclined to respect the American suggestions.

The United States, in brief, has proposed that Huerta resign in favor of a Provisional President acceptable to all sides; that a suspension of hostilities thereby be brought about and a constitutional election held, the resulting administration to receive the recognition of the American government.

Thus far Huerta has flatly rejected the American proposals and renewed his demand for recognition, declaring his financial troubles are due to the failure of the United States to recognize him. Official advice to the State Department, however, describe the provision President's plight financially as desperate, and officials here believe he has not sufficient money to pay his troops, and cannot get money abroad.

These considerations and the incessant warfare of the constitutionalists likewise lead administration officials to the conclusion that, even though Huerta may continue to scorn the suggestions of the United States, the situation in Mexico soon will disentangle itself, and that a policy of noninterference should be maintained for the present, at least.

It is not known yet whether President Wilson will make any specific recommendations in his message, but it was learned from a high government official that his statement of the case would be the foundation for the next step on the part of the United States. The President has made it plain, however, that he has no thought of armed intervention, and that he is as determined as ever to maintain an attitude of peace and friendliness toward Mexico.

Mr. Lind probably will remain in Mexico City indefinitely, and his reports indicate that he has not abandoned hope. President Wilson told callers during the day that the envoy was not in the least disturbed by the situation, and that he had handled it with admirable tact and discretion.

The President is undecided yet whether he will make extended comment in his message or allow his recital of the facts as disclosed in the exchange of notes between Lind and Huerta to serve as a reiteration of his views.

He will work on the message all day to-morrow, denying himself to callers in order to complete the task as quickly as possible. It is possible that he will talk the communication over with members of the Foreign Relations Committee when it is finished.

**WILL PROVIDE FOR TWO SCHOLARSHIPS**

Lynchburg, Va., August 21.—By the terms of the will of Edward J. Folkes, a former merchant, who died in Lynchburg in 1904, which did not become operative until the death of his daughter-in-law, Mrs. Mary W. Folkes, of Memphis, Tenn., whose death occurred a short time ago, two scholarships are to be established at the University of Virginia for young men of Lynchburg and Campbell County. Property here, which, it is expected, will net about \$15,000 annually, has been devised to Randolph Harrison, trustee, who will arrange for the scholarships, which are to be established in memory of the testator's sons, the late William C. Folkes, of Memphis, Tenn.

## NEWS OF SOUTH RICHMOND

### ASSAULTED IN SALOON

P. A. Russell Is Attacked With Pool Cue and Ball.

Struck with a pool cue in the face and then hit on the head by a flying ivory ball, P. A. Russell, a young white man, received rough treatment last night in a free-for-all fight in the saloon of W. A. Neal, at Eighth and Hull Streets. While Russell presented a very battered appearance, he was not injured seriously. He told the police that a gang of four or five men jumped on him, and struck him with their fists and other heavy weapons.

The row grew out of an argument, it is said, over a game of pool. After an exchange of hot words, in which the he was passed, Russell said he was attacked by several men in the saloon. He charged that Howard Cole struck him first with a pool cue, and then with a ball. Wirt Neal, he said, then assaulted him with his fist.

Dr. J. M. Cofer, in charge of the city ambulance, treated the wounds of the injured man. He was later taken to the Third Police Station, where he was charged in a warrant sworn out by W. A. Neal with creating a disturbance in his saloon. The other two men, Cole and Neal, were arrested by Officers Westcott and Tinsley on warrants by Russell, charging them with assault. All three were bailed for their appearance before Squire L. B. Franklin in Police Court, Part II, this morning.

### WILL INDEX RECORDS

Mayor Approves Resolution, and Work Will Be Shortly Started.

Mayor George Ainslie yesterday approved the resolution passed by the Board of Aldermen appropriating \$1,250 for indexing the records of Hustings Court, Part II. The work will be in charge of J. C. Gipple, manager for the Court Indexing System. This company was awarded the contract over several competitors last spring. The committee, consisting of Charles L. Page and Willis C. Pulliam, looked over the different methods submitted, and found theirs to be the most up-to-date.

Work will be started on the indexing as soon as Judge Wells returns to the city. Both he and Clerk Walter E. Duval are away on their vacations, and nothing can be done unless one of the officials is present. They are expected back the early part of next week, and Mr. Gipple will immediately begin work. The task is expected to consume four or five months.

The new system to be installed is the most modern in the country, arranged in such order that every deed or suit filed may be found at a moment's notice. By the present method used much difficulty is found in locating the records of the court. Great trouble and labor will be saved by the new method, and the business of the court will be greatly expedited.

**Think He Is Deserter.**

B. Y. Byrum, charged with being a deserter from the United States Navy, was arrested last night by Officer C. T. Tinsley at the residence of his mother, Mrs. B. Y. Byrum, at 1115 W. Main Street. He was taken to the police station, where he was held on a charge of desertion from the United States Navy. He is a sailor from the battleship Minnesota.

**Seventh Street Being Widened.**

A large force of workmen have begun operations on the widening of Seventh Street to the extent of twenty feet from Semmes Street to the Southern Railway tunnel, just beyond the Free Bridge. This is one of the most extensive improvements made on the Southside in some time, involving the condemnation of considerable property owned by the Atlantic Coast Line Railroad. The deal was made by an exchange of lower Eighth Street, which belonged to the city, for the railway's territory. Widening of the street will greatly facilitate traffic, which is greatly congested at times near the bridge on account of the narrowness of the passage.

**Find Tools Near River.**

A large kit of tools was found by Officer John Lee yesterday afternoon on the south bank of the James River, near the new Mayo Bridge. It was taken to the Third Police Station, where the owner may claim his property. It is not known whether the tools were lost or stolen.

**Attending Training School.**

Odin B. Hinnant, superintendent of the boys at the Powhatan Playgrounds, is attending a recreation training school at Silver Bay, N. Y. While there he will learn advanced methods in playground work taught by the best instructors in the country. Upon his return Mr. Hinnant will introduce the new features in the Southern playgrounds. In the instructor's absence

Miss Della Pearce has assumed charge of the recreation work.

**Southside Girl Wins Honor.**

As a reward for excellent work in her studies, Miss Maud Swift, of 1905 Semmes Avenue, has received a supervisor's diploma in music from Cornell University. She has been a student at the university for the past three summers, and each year made her grade with a very creditable standing. Miss Swift returned home this week from Ithaca, N. Y. She is an accomplished musician, and is receiving the congratulations of her many friends.

**Revival Is Well Attended.**

A large crowd gathered at Bethlehem Baptist Church last night, where the Rev. Mr. Barker of Surry County, assisted by the pastor, Rev. Mr. Dietz, is conducting revival services. Quite a number of converts have been received into the church. William J. Morrisett, of Swansboro, led the song service on Wednesday night, and sang a solo.

**Charged With Stealing.**

Western Taylor, colored, accused of stealing a suit of clothes, two shirts and a hat, was arraigned in Police Court, Part II, yesterday. Taylor is said to have stolen the goods, which are valued at \$35.50, from Robert Jackson, also colored. Squire L. B. Franklin continued the case until Saturday.

**Lawn Party To-Night.**

A lawn party will be held to-night at 8 o'clock by the Frances Willard League, W. T. L. A., at the home of Mrs. S. L. Cole, 3120 Westham Avenue, Woodland Heights. An attractive program has been arranged, and a good crowd is expected. Light refreshments will be served.

**Begin New Paving.**

Work was begun yesterday on the paving of Seventh Street for a distance of two blocks from Hull to Everett Street. During the recent clear weather much headway has been made on the construction of a sewer system along lower Hull Street, from Seventh Street to the new Mayo Bridge. The street has been torn up for some time, and the work is being rushed as rapidly as possible. Satisfactory progress is being made on the laying of the big trunk sewer on Eighth Street, between Semmes and Everett.

**Personal Mention.**

Mrs. F. Ernest Warren, who has been visiting her parents in Havre de Grace, Md., for the past two months, returned home yesterday.

Miss Helen Anderson, of Eleventh and McDough Streets, who was operated on for appendicitis last Wednesday, is much improved.

Mrs. John Latham, who has been ill at Niagara Falls, is reported to be slowly recovering.

Miss Annie Bolling Ingram is visiting Miss Lillian Sutton, of Bluefield, W. Va.

Miss Sallie Shott, of 117 East Ninth Street, has returned home after a visit to relatives in Burlington, N. C.

Spencer, of Texas, is the guest of Mrs. Henry Parker, of Forest Hill.

Mrs. James Bradley, accompanied by Misses Mary and Jennie Craig, who have been visiting her, has left for Ocean View, where she will spend some time.

Mrs. Whitney Davies, of "Summer Hill," has returned home after a visit to Mrs. Charles Watkins, in Durham, N. C.

## DRAGGED FROM ROOM BY NEGRO INTRUDER

Mrs. J. Scott Moore Pulled Downstairs and Out of Window Before Her Assailant Is Frightened Away.

[Special to The Times-Dispatch.]

Lexington, Va., August 21.—A negro entered the room of Mrs. J. Scott Moore at 3 o'clock this morning at the home of Mrs. Archibald C. Lee, overlooking Washington and Lee campus, and unceremoniously pulled her down stairs and out of a window. The intruder, who was dressed in a nightgown, was seen by Mrs. Moore, who was in the room, through a window to the ground, and for the shrieks of Mrs. Moore and Mrs. Julia Tucker, mother of Colonel N. B. Tucker, of the Virginia Military Institute faculty, who occupied an adjoining room, serious injury would have resulted. The alarm brought Henry B. Nolley from the adjoining house, but the negro escaped.

Mrs. Moore is badly bruised about the face and arms from the rough treatment.

The negro gained entrance to the house through a window in the hallway, crept up to the second floor and unscrewed the electric bulb to extinguish the light. Several arrests have been made on suspicion. Officer J. H. Adams, who keeps bloodhounds, lost his dog yesterday by death. Efforts were made to get dogs from Roanoke and the State Farm near Richmond, but without avail.

The outrage is greatly stirred up over the outburst.

At a meeting to-night of the Mayor and Council of Lexington a resolution was adopted offering a reward of \$500 for information leading to the apprehension and conviction of the guilty person.

## PRESIDENT'S MATCH IS STOPPED BY RAIN

Camp Perry, O., August 21.—A storm that hit the range at 2 o'clock and raged for an hour stopped the President's match for the military rifle championship of the United States to-day.

The Evans skirmish match, which was to have commenced just after dinner, was also postponed.

The regimental team match was won by the Fifteenth Massachusetts, with a score of 827. Fifty-third Iowa, second, with 829. Sixth Massachusetts, third, with 805.

Unusual importance attaches to the meet this year on account of the international matches which are being shot by American teams. They have arrived from Argentina and Peru. They shoot the Mauser, but are high in praise of the American short rifle, or carbine. It is understood that this year the reason England sends no team is that she attributes her recent defeats in recent years at the hands of Americans to the superiority of the rifle which this country's representatives use.

Other nations of Europe, however, will be represented, among them France, Germany, Holland, Switzerland and Greece, together with various of our South American neighbors.

Last year the shoot was held in the Argentina and was won by this country, Captain Burdette, of West Virginia, being high gun. Captain Burdette is here this year with the West Virginia team, and spends a good many of his spare moments in the Virginia Street, where he has a number of friends.
